

REMARKS

Amendments to the Claims

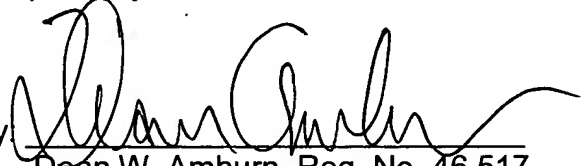

Applicants have noted a typographical error in Claim 1 as filed. The last line of the claim has been changed from "a top surface of a natural fingernail" to --the top surface of the natural fingernail.--

This is not a narrowing amendment, as the scope of the claim is not narrowed by the Amendment submitted herewith.

Applicants request that the Examiner contact their representative by telephone at (248) 641-1600 if such communication will expedite allowance and issuance of this application.
